

## Hygiene concept (from 04.04.2022)

### Hygiene rules for attending classroom lessons and examinations

1. You are **not** allowed to enter the school or take part in classroom lessons if you
  - are experiencing one or more of the following symptoms: significant respiratory disease, shortness of breath, fever, loss of sense of taste and/or smell, severe cough, sore throat, rhinitis, aching limbs
  - have had contact with a person currently in quarantine due to an identified or suspected infection with the coronavirus.

In addition to face-to-face courses, there are also online courses to which sick participants can change.

2. We recommend to wear a **nose and mouth protection** in our school.
3. The classrooms must be **regularly ventilated** (at least 10 minutes per full hour)
4. **Modern air purifiers** are used in our school building which neutralise 99.5% of viruses and bacteria.
5. Please wash and disinfect hands **regularly**. In our toilets we provide liquid soap and paper towels, you'll find hand sanitizer in the corridor.
6. Please observe the **coughing and sneezing label**: Please cover your mouth and nose when coughing and sneezing (with bent elbow).
7. Paper tissues should be discarded immediately after use into the waste bins provided.

Husten- und Niesetikette beachten.

Händeschütteln vermeiden.

Taschentücher nur einmal benutzen.

Hände waschen.
