

German evening courses, current courses

Each module runs for 12 weeks. The groups are small, with a maximum of 9 participants. Courses are available throughout the whole year and we offer the possibility of joining courses already under way, after having taken our placement test and a trial lesson, free of charge (in this case, you only pay for the remaining course units). After completion of your first course, you are entitled to a discount of 5% for all subsequent courses.
